- **Motor:** 351 watt/5 amp
- **Airflow:** 74 CFM
- **Static Lift:** 45"
- **Sound Level:** 51 dB

Weight: 11 lbs.

Intercept Micro® Filter media: 496 sq. in.

Four Level® Filtration: 763 sq. in. total area

Includes: 1 1/2" static dissipating vacuum hose, a 50' extension cord and two replacement Intercept Micro Filters

REVOLUTIONARY • UNIQUE • DYNAMIC

Advantages

2-Speed power and decibel control switch quickly minimizes the impact cleaning professionals have on any environment.

Quiet motor assembly allows for cleaning during the day without disrupting building occupants.

Thermal Protector prevents the motor from overheating due to a full filter or obstruction within the vacuum.

Features

New Domel motor provides optimal performance, less weight and a unbeatable three year motor warranty.

6 quart filter capacity allows users to clean more with less down time.

Organically treated Intercept Micro Filters, featured in our Four Level Filtration system, are 99.9% efficient at capturing dust mites, pollen, bacteria and other particles measuring 1 micron and larger.

Vastly exceeds all industry regulation testing standards set by the Carpet & Rug Institute on performance and filtration.

Proven to eliminate stress and body fatigue by utilizing patented two-piece back plate.

Integrated tool belt keeps accessory tools within your grasp.

Warranty

3 years on parts, labor and motor. Lifetime on body.

*see owner's manual for complete warranty details
