Waterbroom - HDI Model

WHAT DOES IT DO?

Using a combination of air and water pressure, the HDI WATERMISER™ WATERBROOM cleans and removes dust, dirt, food spills, leaves, litter, sawdust and bird droppings from concrete, asphalt, aggregate or any other composition surface. No mechanical parts to maintain. Connect to hot water for even greater results.

Use On: Construction job sites, floors, mats, waste disposal areas, garage floors, tennis courts, driveways, patios, pool decks, sidewalks, parking lots, playgrounds, outdoor basketball courts, fire station bays, airplane hangers, entryways or any area that is now cleaned using a hose and nozzle, power washer or similar device.

Reduces Labor and Cleans Faster: Proven to reduce labor by as much as 75% when compared to cleaning with a garden hose, power washer, or standard push broom.

Reduces Liability:
Washes and dries in minutes.

Exceptional Water Savings:
Uses as little as 2.0 G.P.M. vs. a hose and nozzle at 8 to 18 G.P.M. Users tell us they average up to 75% in water savings.

Easy to Use:
Anyone can operate this lightweight, effortless water broom.

Rugged Construction:
Heavy gauge, 6061 T-6 aircraft aluminum construction, built to Schedule 80 Standards, with solid brass jets and fittings, featuring Parker industrial hose quick connect.

5-year Warranty:
5-year warranty on parts and labor.

Water Saving Technology
For the Ultimate in Green Cleaning!
Made in USA – U.S. Patent 7,063,281
